SECTION 2. Regularly Scheduled Tournaments

The Board of Directors shall jointly develop the tournament schedule. After appropriate discussion and modification, the schedule will be voted on and approved by a simple majority vote of the Board of Directors. If conflicts arise during the year with scheduled tournament dates, the Board of Directors has the authority to make changes to the dates. Scheduled launch sites and times cannot be changed after the pre-tournament meeting except for circumstances beyond the clubs control. (ex. A launch ramp closed for repair or a large tournament using the ramp at the same time)

1. The Tournament Director has final decision.
2. Tournament cancellation decisions will typically be made at the ramp, at the originally scheduled time, and the Tournament Director shall have the final decision.
3. All tournaments will be designated as DRAW tournaments. At the meeting prior to the scheduled tournament, a draw will be made to determine pairings for that tournament. In cases where someone was not paired in the drawing, that person may either fish alone or find a partner to fish with for that tournament without being charged a guest pass. NATA membership dues must be paid in advance of entering the draw. Unpaired boaters will have the following options regarding their status as a participant.

Unpaired boaters must elect an option and announce it to the tournament director prior to the tournament blast off or default to Boater without partner, 5-fish limit as listed below.

- a. Boater / Non-boater (**Guest Passes, Family Passes, Regular Draw Pairing**)
\$40 combined entry fee . This includes the big fish fee, the regular club holdback, and tournament placement entry fees for two anglers. 5 fish per angler.
- b. Boater without partner (**Guest or Family partner withdraw**)
\$20 entry fee – This includes the big fish fee, the regular club holdback, and the tournament placement entry fee for one angler. 5 fish limit and usage of pass if family partner withdraws.
- c. Boater without partner, (**Must enter the draw and not use a pass**)
\$35 entry fee. This includes the big fish fee, the regular club holdback, and tournament placement entry fees for two anglers. 10 fish limit allowed.

At weigh-in, you must clearly present two separate groups of fish. You must clearly state which group will be considered for AOY points and big fish, and the

other group will be combined with the first group for tournament placement purposes only.

- d. Boater without partner. (**Must enter the draw and not use a pass**)
\$10 entry fee. This includes the big fish fee and \$5 for the club.
The boater will be competing for the big fish cash prize and for AOY points, but not for the tournament placement cash prizes. 5- fish limit

4. In the event that there are more non-boaters than boaters in the draw, the unpaired non-boaters will be required to find a boat / boater, but will not be charged a guest pass. If the non-boater is unable to find a boat / boater for the tournament and is therefore unable to fish the tournament, they will be paired with boater(s) in the drawn first from at the next tournament draw meeting.

SECTION 3. Tournament Passes

1. Each member will be allowed 3 Guest Passes per tournament year. If a member went unpaired at a tournament draw and chose to fish with a non-member or member, it would not count against their guest passes. Any member who is not in the Draw and decides to fish a tournament, either alone or with a buddy, will use a guest pass. It will be up to the Club Secretary to maintain records that show each member's usage of guest passes.
2. Each member will be allowed to use one of their guest passes to fish with a prospective member. In the event the prospective member joins the Club, the sponsoring member will not be charged with using that guest pass.
3. Any member may fish with an **immediate** family member (spouse, sibling, parent, child, grandparent, or grandchild) without being charged with the use of a guest pass. Cousins and In-laws do not constitute as immediate family members. This must be done at the pre-tournament meeting immediately preceding the tournament.
4. In the event that a guest or family member does withdraw and there was an unpaired non boater member. That boater should make an attempt to contact the unpaired member to ensure every effort is made for the opportunity for them to be able to fish.

SECTION 4. Placement Prizes

The following scheme will be used for all regular season Club tournaments:

19 Boats and Less:

FIRST Place	55%
SECOND Place	35%
TOTAL	90%

20 Boats or More

FIRST Place	45%
SECOND Place	25%
THIRD Place	15%
TOTAL	85%

Ten percent (10%) will be retained if 19 or fewer boats participate and Fifteen percent (15%) will be retained if 20 or more boats participate by the Club to help defray expenses. Payouts for a tournament may be changed by a two-thirds majority vote of all members present at a meeting prior to the tournament. All placement prizes are awarded to the boat/team based on the combined weight of the fish weighed by the boat/team. A Big Fish pot is incorporated in the tournament entry fee, with a 100% pay back of all moneys collected. Big fish will be determined by the actual weight of a measuring fish after application of any dead fish penalties. Late penalties will not apply to big fish determination. In the event that an error is made at the ramp all payouts remain final.

SECTION 5. NATA Point System

The following system will be utilized to award points and weight to Club members competing in regular season Club tournaments who compete without disqualification:

1. All fish will be weighed in pounds and fractions of pounds. Each boat/team member is responsible for his/her own fish. Fish will be weighed on an individual angler basis with the total boat/team weight being the basis for tournament placement determination.
2. The angler with the highest individual weight will receive 25 points with each place thereafter receiving one point less. In the event of a tie, all "tied" anglers will receive the average of the points for their positions. For example, if there was a tie between the two anglers with the highest weight, 25 and 24 are averaged to give each angler 24.5 points. An angler must weigh-in at least one fish to receive a point or points.
3. Weight will also be maintained for all contestants in each tournament based on their catch.
4. For tournaments with multiple weigh-ins (2 day tournaments), weights will be totaled but points will not be doubled in the AOY standings.

The Club will use the following system to determine its Angler of the Year (AOY) rankings:

1. Points and weight will be documented and tracked in separate columns for each member. Both columns will be sorted accordingly.
2. Members will be ranked by their highest position from the points column. Ties in the points column will be broken by awarding the contestant with the highest weight with the higher AOY position.
3. All club members fishing a club tournament will receive 5 participation points regardless of amount fished weighed in. These points will be added to the club members total after the tournament points are awarded. It will be up to the Club Secretary to maintain records that show each member's weight and points total.
4. All tournaments will be applicable (no throw-aways).

Example of standings after several tournaments:

Name	Points	AOY rank	Name	Weight	AOY Rank

If these limits are not in compliance with regulations for any specific tournament site, the Tournament Director will advise the membership of the specific rules that will apply. Upon catching the 6th fish, an angler must cull before resuming fishing.
4. To conserve limited resources, the Tournament Director can recommend a reduction in the 5 fish limit to the BoD for any tournament during the year. A majority vote of the BoD can approve the recommendation. If implemented for any tournament, the reduced limit must be announced at the pre-tournament meeting.
5. All fish will be considered "officially submitted" upon transfer from the weigh-in carry bag to the weigh-in mesh bag. The Tournament Director will then perform any necessary measurements for short fish using the "Golden Rule". Any angler can request a courtesy measurement prior to submitting their catch for "official weighing". Courtesy measurements will be conducted prior to removing fish from the weigh in carry bag.
6. Any contestant presenting "short fish" will lose the short fish and be penalized one (1) pound. Any contestant presenting two (2) short fish will be disqualified. 8. All contestants must be present for weigh-in at the announced time unless approved by the Tournament Director prior to the start of the tournament. A penalty of one (1) pound per minute per contestant will be assessed for any late boat/team. Any boat/team more than fifteen minutes late for weigh-in will be disqualified and will lose all participation points. In the event that a boat/team

must quit the tournament early, a note must be left on one of the remaining Club vehicles or the boat/team will be disqualified.

9. The Tournament Director shall designate the weigh-in location, and procedures.

10. Catch and release is mandatory. All fish must be handled to ensure their survival. Fish presented for weigh in must be kept in a water filled bag, provided by the club or approved by the Tournament Director, when they are transported to the scales. An exception will be made for a fish that the contestant wants to have mounted. The use of nets for fish transportation is expressly prohibited and will result in automatic disqualification.

11. Ties for 1st, 2nd, 3rd, or "big fish" will result in a pooling of the available money for the contested prize and a splitting of the prize.

12. Only one rod per contestant may be in used at any one time. Other rods may be rigged and ready for use. Only casting, spin-casting, or spinning reels may be used.

13. Only artificial lures/baits, to include pork rind, may be used. Live baits or prepared baits are not allowed. Lures must be cast and retrieved -- trolling is prohibited during tournaments.

14. An eight-ounce penalty (0.50) will be imposed for every dead fish presented at weigh in.

15. A boat/team may not fish within fifty yards of any other Club tournament boat/team unless the two parties are in agreement to allow each team to fish within the close proximity. Grievances to this violation can only be filed by the encroached party. No third party grievances may be filed.

16. Good sportsmanship is expected of all contestants. Disorderly conduct will result in for disqualification. Complaints must be made to the Tournament Director within fifteen (15) minutes of the conclusion of weigh-in. Decisions are FINAL.

The John Coyle Harrison Memorial Classic Guidelines

The Club will hold a tournament designated as the "Classic" defined as follows:

1. The Classic is a one-day event for the following members:
 - The twelve highest ranked Club members based on the AOY standings.
 - Any member who individually placed first (earning 25 points) in a regular Club tournament and has participated in a minimum of 5 regular Club tournaments that season.
 - Any member having participated in at least 7 of 10 regular season tournaments. If a non-boating member does not draw a boater in a regular season tournament, and is unable to find a boater to fish with and, therefore, cannot fish the tournament, the member will receive credit for fishing the tournament for purposes of Classic qualification. Likewise, if a tournament date is rescheduled (after the draw) due to circumstances beyond the Club's control (e.g., weather), and this causes a member to be unable to fish on the rescheduled date, the member shall receive credit for fishing the tournament for purposes of Classic qualification.
2. The Classic is a solo event where the qualifiers may, at their discretion, fish alone or with another qualified qualifier. Any non-boater who qualifies for the Classic will be responsible for borrowing a boat for their use, fishing with a guest of their choice, a club member who has a boat, or pairing with a qualifying member boater.
3. A pre-tournament meeting will be held after working hours on the Tuesday before the Classic to determine the lake, ramp, and tournament times. To determine the location, each Classic qualifier must be present to submit the lake of their choice into a 'pool' and the lake will be drawn from the collection. No proxy votes will be allowed. The chosen lake will be off-limits to all participants until the Classic begins on following Saturday morning. The lakes are restricted to those used during the tournament year and must be within a 150 mile radius of downtown Huntsville.
4. The Classic tournament ramp and times will be determined by majority vote. The Classic blast-off order will be set in order with the final AOY standings.
5. The limit for Classic qualifiers will be five bass that measure at least 12 inches in length, unless limited by local or state regulation.
6. No fish caught during the Classic will be eligible for the annual Big Fish competition.
7. All other Club rules will apply.
8. In all matters of dispute, the Tournament Director's decision is FINAL.
9. A tie in weight will be broken by angler's big fish weight. Subsequent ties are broken by next biggest fish and so on.
